PLEASE READ THIS COVER PAGE BEFORE USING THE LIST

This document will be useful for:

- Locating appropriate Field Experience sites,
- Locating psychology related jobs,
- Identifying possible career interests.

To earn Field Experience credit, students must apply for approval by the department and must register for Psyc 490. Students can earn credit either as a volunteer or as a paid employee, as long as it is an appropriate setting. I have indicated sites that I know hire (**hires**), and some that I know are only volunteer (**volunteer only**). I have also indicated sites that work with children (**C**), Youth (**Y**), or Adults (**A**), so that you can pick a site appropriate to your interests.

If you contact these agencies looking for employment, you will need to contact their Personnel Office. **If you want to volunteer**, contact the Volunteer Coordinator. In addition, I suggest that you identify yourself as a Psychology major who is interested in obtaining experience and offer your time in exchange for the experience they can offer you.

Additional volunteer sites and agencies may be located at:
